Rio – City Living – a tale of two halves?

How are aspects of life in the two halves similar? different?

Know: What city living in Rio is like and why [2-4]

Possible things to look out for: residential areas – type and size; planning; accessibility; transport; infrastructure; attractiveness; access to services; environmental quality; open spaces; (in)equality; culture/entertainment

Rio – City Living – the challenges!

1. Use the card sort statements to boost your video note challenges and classify

2. Now re-arrange within the columns under the following headings

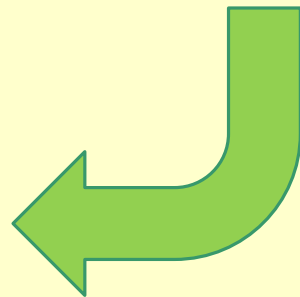

Social challenges	Economic challenges	Environmental challenges	Social challenges	Economic challenges	Environmental challenges
			Health care	Effects of economic growth	Air pollution
			Education	Unemployment	Water pollution
			Water supply	Crime	Waste pollution
			Energy	<ul style="list-style-type: none"> • Good when you describe the social, economic and environmental challenges faced by Rio. • Even better when you can explain the impacts of these challenges on Rio. • Excellent when you can begin to think of possible solutions to these problems • Using the back of this sheet to write your thoughts down.

Over To You...

Imagine you are a favela dweller. Write a diary entry, detailing the challenges you face whilst going through your daily routine.

Eg 5am time to rise and shine to go to work. Hmmm, how to get out of bed without waking (or accidentally standing on!) my three sleeping brothers

**Housing; health; education; food; employment; inequality; pollution;
waste; access to services**
