Overall EQS scores - Comparison of 2 locations

Bar chart showing total EQS score /28

Doesn't mean much just knowing a score /28, worse still it is an average so don't know the range of the scores!!! Might be some extreme ones!!!

Well designed	2
In good condition –	1
Evidence of maintenance	2
outside – land in good condition	2
No vandalism evident,	0
no traffic congestion	0
Parking is easy;	0
No road traffic/rail/ aircraft noise	-1
No smell from traffic or pollution	0
Large gardens or open space	1
Trees and shrubs visible	1
Public parks within easy distance	-1
No litter in the streets	1
Roads well maintained	2

✓ **To what extent** were the results of your geographical enquiry helpful in reaching a reliable conclusion(s)?

[9 marks]

[+ 3 SPaG marks]

Title of fieldwork enquiry: [write it here]

On the one hand, our results from the [name of survey] were helpful in reaching a reliable conclusion because we were able to conclude that regeneration

On the other hand, our results from the [name of survey] were not as helpful in reaching a reliable conclusion because.....[tell me some limitations – see back of book]

Repeat this for a second survey type we did to boost chance of getting FULL MARKS unless you were amazingly thorough in your first

FINALLY, don't forget to end your answer with this:

Overall, our results were mostly/quite/not very/not at all helpful in reaching a reliable overall conclusion but would make them even more so.
